Dear Sir or Madam –

This is to request copies of complete registration jackets for the following two registrations:

EPA Reg. No. 211-36
EPA Reg. No. 211-32

Please also include copies of any EPA reviews of data submitted by Central Solutions, any EPA conducted testing, as well as any internal EPA memos – including (but not limited to) data evaluation reviews.

Please note that we consider the requested information to be non-confidential, as Central Solutions is the owner of both these registrations. Please advise us if there is any requested information that the Agency is not willing to provide.

Thank you in advance for your assistance.

Best Regards,

Paul Nobrega
